

HEALTH CARE GIVERS ASSOCIATION OF ZAMBIA

PRESENTATION

Health Care Givers Association of Zambia (HCGAZ) - Geriatric Care

- (HCGAZ) is the membership association bringing together those health professionals committed to ensuring high-quality care for older people across Zambia
- **Our Vision;** to see a society where all older people receive high-quality, personalized care when and where they need it.
- **Our Mission;** is to improve healthcare for older people (65yrs +). Doctors, Clinical officers, nurses, allied health professionals, pharmacists, old age psychiatrists and others provide care for older people as part of a multidisciplinary team.

Clinical Quality and Professional Practice

Education and Professional Development.

Our Identity

1. Across Professions; We are proud to be a multi-professional Association

2. Across the Country; HCGAZ has membership from across the country, working in the different health and care contexts of the nation

3. Across care settings; Most care and support for older people happens in primary care and in the community

The diagram features a central blue oval labeled 'Our Values'. Four blue arrows point outwards from this oval to four orange rectangular boxes: 'Person-centered' (top), 'Proactive' (left), 'Inclusive' (right), and 'Collaborative' (bottom). Each box is accompanied by a descriptive text block. The background includes a faint watermark of the Health Care Association of Zambia logo and the text 'HEALTH CARE ASSOCIATION OF ZAMBIA'.

Our Values

Person-centered

- The HCGAZ advocates for holistic, joined-up, personalized care which responds to what individuals say matters to them.

Proactive

We will strengthen our voice over Geriatric Care, speaking up for older people's entitlement to high-quality healthcare

Inclusive

We welcome as members all healthcare professionals willing to work with older people.

Collaborative

To achieve our goal of better healthcare for older people, we need to work with other agencies in the public and private sector
